NEWSLETTER NO 12 – DECEMBER 2010

Dear Printmakers,

2010 has been a fantastic year for the "Non-Toxic Intaglio" – we have especially felt a fast growing interest in Turkey, Italy and France. My workshops in my paradise in Spain were already fully booked in springtime. We had participants from Australia, South Africa, Colombia, USA, Turkey and many other European countries. It has really developed to a meeting place for professional printmakers to exchange intercultural printmaking traditions and relations across borders.

**My website** - <http://www.grafiskeksperimentarium.dk/en/index.html>

I am constantly working on my homepage. My goal is to make a website where printmakers can find *all* relevant information about Non-Toxic Intaglio as well as the best materials and technical equipment for the purpose. So if you have any suggestions for improvements please let me know.

### My Books

My "Handbook of Non-Toxic Intaglio" has now been published English (2<sup>nd</sup> Edition), French, Spanish (2<sup>nd</sup> Edition) and Dutch. In springtime the book will be published in Istanbul in a Turkish language version and I will publish a 2<sup>nd</sup> edition of the Danish version of the book in February 2011 to the benefit of Scandinavian Printmakers from Denmark, Norway and Sweden.

### My Summer Workshop in Non-Toxic Intaglio

My workshops in my paradise in Spain are already planned. As usual I offer 2 summer workshops - Here are the dates:

July 2<sup>nd</sup> – July 10<sup>th</sup> 2011

and

July 30<sup>th</sup> – August 7<sup>th</sup> 2011

You can find more info here: <http://www.grafiskeksperimentarium.dk/en/Workshops.html>

### Non-Toxic Updates

Please remember that you always can find all relevant information about new techniques and materials on my homepage [http://www.grafiskeksperimentarium.dk/non-toxic\\_updates.html](http://www.grafiskeksperimentarium.dk/non-toxic_updates.html) . I am currently testing *all* materials and equipment for Non-Toxic Intaglio – the best of it I am selling from my web shop, where you always can get answers to any problems you might have regarding the Non-Toxic Intaglio.

I wish you all a merry Christmas and a Happy New Year and thank you all for a wonderful cooperation in 2010 – the good news are, that 2011 will be even better for the Non-Toxic Intaglio – so look forward!!!

Henrik Bøegh
